Specifications – PLP7

Recommended Industries	<ul style="list-style-type: none"> • Harbor • Transport & Logistics • Agricultural • Manufacturing & Construction
Construction	<ul style="list-style-type: none"> • Longitudinal beams (475 x 191) • 200mm Reinforced Concrete Slab (30MPA with fiber)
Design	<ul style="list-style-type: none"> • One 7m platform • Standard side rails with tyre friendly entry and exit points. • Steel load bearing beams on deck (container specific) • Deck carry load of 100mt • Load capacity of 272Tons over the 11m
Installation	<ul style="list-style-type: none"> • Above Ground
Civil Work	<ul style="list-style-type: none"> • Ground load bearing capacity <150kpa required compaction. • 2 x 25MPA concrete strips of 3500x1000x430mm or 25MPA concrete floor of 3500x12000x430mm • Concrete ramps 5000x3500mm
Load Cell	<ul style="list-style-type: none"> • Kelly Brick Load Cell – 75KLB (45Ton) • Kelly Ball & Cup Load Cell - 20Ton • 4 Load Cells
Oscillation	<ul style="list-style-type: none"> • 5 – 10mm horizontally
Indicator	<ul style="list-style-type: none"> • ICON500 (220V AC) • LCD Display with backlight • Weight Increments from 20kg • Zero/Tare function • Ethernet Interface • Printer Connection
Software	<ul style="list-style-type: none"> • Gravity Weigh (SOLAS) • Gravity MRP, multi user solution - web based data repository hosted in the Cloud • Additional, customizable solutions available • Yearly license renewal
Hardware	<ul style="list-style-type: none"> • Desktop Screen & PC with antivirus • Printer • Serial to IP converter • Data surge protector • RCT – 1000VA Online UPS
Surge & Lightning protection	<ul style="list-style-type: none"> • Yes • Advanced Lightning Protection available
Calibration & Verification	<ul style="list-style-type: none"> • 2 Year SANAS Verification certificate included
Service & Maintenance	<ul style="list-style-type: none"> • 12 Month service & repair • Full Service & Maintenance agreement available after first 12 months
Warranty	<ul style="list-style-type: none"> • 5 Years

1. 25MPA Concrete strips/floor foundation
2. 200mm Reinforced 30MPA Concrete with fiber
3. Steel load bearing beams (Container specific)

Weighbridge Indicator & Software

ICON 500

CWCSA Gravity Software System

Additional solutions integrating into gravity:

1. SAP
2. Pastel
3. Gravity Management & Reporting Portal (MRP)
4. Yard Management Solution
5. Vehicle Inspection Solution
6. Weighbridge Automation (Un-Manned)

Additional hardware add-ons:

1. Solar Systems
2. Card Readers

*Systems and Solutions to ensure your Weighbridge operation is running effectively and efficiently
